

Contract Accommodation

RESIDENTIAL FURNITURE RANGE

Brava provide innovative furniture solutions that go beyond the obvious.

A study bedroom in Bavarian Beech

Accommodation furniture whether for educational, health care, or leisure, needs to be highly functional in terms of comfort, practicality and flexibility. This is true of all the Brava Lifestyle ranges but non more so than the 'CONTRACT' range which exemplifies this with its attention to detail and quality.

Each contract is individual, our manufacturing facility is geared up for and our design team willing to accommodate individual requirements. The examples shown in this brochure are just an example of the Brava Range possible.

The carcasses are manufactured from durable 18mm M.F.C. with matching .4mm edging and a choice of either 18mm M.F.C. doors and drawer fronts with matching 2mm edges in a choice of our 5 standard finishes; Beech, Grey, Ash, Oak and Swiss Pear. A further 125 finishes are available upon request. Work and desk tops are available in a choice of either post-formed complimentary laminates, or M.F.C.'s. with matching or contrasting 2mm edging. All doors open on sprung loaded 180 or 90 degree Blum style hinges.

Drawer boxes are constructed from Metabox metal sided with solid 18mm base and back and open on single extension metal roller runners. Locks to single, double doors and top drawers are available as an optional extra.

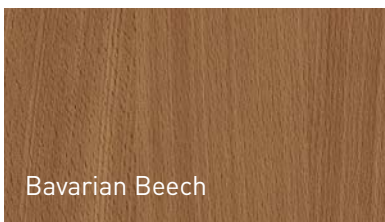

With all these features the 'CONTRACT' range really provides a truly practical, stylish, contemporary and highly flexible solution to student accommodation.

Brava Lifestyle provide a full package of services to aid you in your selection of the furniture its specification, design, development, interior space planning, manufacture, delivery and installation on site.
