#### The philosophy of Brava

Here at Brava we believe in making your lives easier, that's why our designer will work alongside you to create tailor made offices that are not only practical but comfortable. It is important that we listen to our clients needs and provide a service that you can be proud of.

#### Complete Design

Our complete design service allows you to be part of the process from 'Concept to Implementation'. We provide an in-house tailor made service including manufacturing, design and floor planning.

#### Brava System 1

System 1 is our unique aesthetically designed furniture system. Our wave-fronted desks have been created to give you maximum workspace and ultimate style. The ergonomic shape of System 1 makes them perfect for work clusters – an approach more and more businesses are taking. We are designing offices of the future for you.

#### Storage

Brava's System 1 is complemented by a filing and storage solution that is cost effective without any compromise to quality.

#### Seating

Brava seating ranges from contract to executive models that will suit any office space. It encompasses meeting room seating, reception area and ergonomically structured executive chairs. We believe the secret to a happy office is a comfortable chair – so comfortable your employees might never want to go home.

#### The Brava approach to quality

All aspects of the manufacturing process are rigorously benchmarked to required quality standards of modern office furniture. Each member of the supply chain works to the internationally recognised quality standard ISO 9000.
